(It is a criminal offence not to declare a disclosable pecuniary interest either in the Register or at the meeting.)</p> <p>Members may, however, also decide, in the interests of clarity and transparency, to declare at this point in the meeting, any such disclosable pecuniary interests which they have already declared in the Register, as well as any other registerable or other interests.</p> <p><i>If a Member requires advice on any item involving a possible declaration of interest which could affect his/her ability to speak and/or vote, he/she is advised to contact the clerk at least 48 hours in advance of the meeting.</i></p>

For example: planning applications which were received after the agenda was issued in order to meet the 21 day deadline. These will then be dealt with in the appropriate agenda item.</p>
8.	Minutes of the Council Meeting of the 1st April 2015.	<p>RECOMMENDATION that the minutes of the meeting on the 1st April 2015 be approved and signed as a true record of those proceedings.</p> <p><u>Note: Please see Appendix 8a.</u></p>
9.	Matters Arising from the Minutes of the Council Meeting of the 1st April 2015.	TO CONSIDER any matters arising from the minutes of the 1st April 2015.
	13/245 - Public Participation - Lazonby Community Playground Maintenance.	TO RECEIVE an update regarding the Eden District annual maintenance agreement and repairs of the Community Playground.
	14/132 - Public Participation - Larch tree in Scaur Lane.	<p>TO RECEIVE an update about the Larch tree in Scaur Lane.</p> <p>ALSO TO CONSIDER the issue of hiring a Stump Grinder.</p> <p><u>Report of the Clerk to Council.</u> At the April 2015 Meeting of the Parish Council the Council received an update from Rob Sim and Geoff Wilson regarding the removal of the Larch tree. They also asked if the Parish Council would consider removal of the stump of the tree along with that of the pine that failed previously, and would be willing to obtain a quotation for a stump grinder if the Council agreed to that. It was resolved that the Clerk reply to Rob Sim to say that the Parish Council was under the impression that grinding the stump was part of the work being carried out because they were having the wood as payment. The Clerk received the following reply by Email from Rob Sim:</p>

"My previous correspondence was based on an offer for Geoff and myself to remove the tree at no cost to the Council, a stump grinder is a specialist piece of kit that needs hiring in and any contractor would price that work separately to removing a tree. For the benefit of the Councillors, if Geoff and I had bought the wood from a firewood supplier it would have cost around £120, that's split, seasoned and delivered. If the PC had paid for the tree to be taken down it would have been at least £400 including removal of all the wood for re-sale by the contractor and I doubt that the site would have been left as clean and tidy as it has been. If the PC paid the contractor to take the tree down and leave all the firewood in splittable lengths that may have saved £50, if he had left it in lengths for cutting up that might have saved another £50. But then someone would have had to cut, split and move it all. So my conclusion is that the PC have saved at least £300 and Geoff and I spent a full day removing the tree and clearing up the site for £60 worth of firewood each which all still needs splitting and some cutting. There were 7 dumpy bags of branches that we took to the tip so that took 3 trips worth of fuel as well. I think Geoff is putting a proposal together for the PC regarding managing the rest of the trees at the end of Scaur Close including planting some replacement trees and gradually removing some of the other trees."

Geoff Wilson then asked the Clerk to ensure that Rob's explanation of the work that was done and the costs that were saved to LPC were read out in full to the Council and recorded. He also said that the question about stump-grinding remains unanswered.

Below and attached are a couple of pictures that you may be able to give some publicity to. We managed to get everything bagged-up and in our van, and left at our gate for the waste collectors in the morning. Let's see if it all gets taken. Nearly every time we attend there are one or two large sacks full of plastic bags and bottles, that are just left by the cage. Someone clearly takes the initiative to take their bottles etc. to the centre. but having got there can't bring themselves to take the final step and place the bottles and bags in the cages. As for other rail users using the car park, there is no reason why this can't be arranged with any loss in spaces being added to the proposed application. It should be noted that Bells of Lazonby has adequate on-site parking for all existing and proposed staff. Members of staff also arrive for work on the train and via the company bus service."</i></p> <p>It was resolved that the Clerk write to Michael Bell to ask if the offer was still open, in order to help alleviate some of the issues of lack of parking in the village; and to ask if a sign notifying rail users that they can park in Bells of Lazonby's car park could be put up.</p> <p>Mr Bell replied with the following <i>"I am happy to report that Network Rail have now taken up our offer of parking spaces for their vehicles in our car park. As far as car parking for their customers are concerned, our position remains the same. We are happy to explore how we can provide space for such a car park and are happy to speak with either the Parish Council or Network Rail about entering into an agreement. We should point out that we are not car park operators and would not want to be responsible for running a car park, however we would be happy to explore how we could provide space for such a venture.
