#### **Introduction**

This policy applies to all Councillors, employees, contractors or others who may be carrying out operations for and on behalf of the Council, and those who may be affected by their work.

#### **Responsibility for Risk Management**

Responsibility for the effective management of risk rests with all Councillors.

Members Councillors have ultimate responsibility for Risk Management as risks can threaten the achievement of policy objectives. In the context of Risk Management Councillors:

- exercise leadership,
- consider and adopt current and future risk management policies and strategies, and
- support and monitor the risk management process.

- eliminate or reduce risks to an acceptable level;

- prevent injury and damage and reduce the cost of risk;
- raise awareness of the need for Risk Management.

#### **Approach to Risk Management**

The Council's approach to Risk Management requires that all risks should be systematically identified and managed in the most cost effective manner within overall resources available.

Each risk identified by the Council is recorded in the Council Risk Register. The impact is assessed and appropriate control measures are put in place. A Review Frequency is implemented and the management of the Risk is assigned to a person within the Council.

The overall responsibility to ensure that this procedure is adhered to rests with the Clerk to the Council.
