25/46	Adoption of Sexual Harassment Policy.	<p>The Council considered the adoption of a Sexual Harassment Policy as advised by CALC. From October 2024 new legislation (s40A Equality Act 2010) created additional legal requirements for all Employers, to take proactive steps to prevent Sexual Harassment at Work. Employers will not be able to simply rely on paper-based training and policies within staff handbooks to defend themselves against claims of Harassment. Instead, they will need to take pro-active steps to demonstrate that they are preventing the problem.</p> <p>Although the Government has not yet issued a step-by-step guide as to what proactive steps are, the following guidance notes have been developed from the Equality and Human Rights Commissions as recommendations for all Employers. A policy and procedure that is specific to the needs of the organisation should be drafted.</p> <ul style="list-style-type: none"> <li>• Staff should be consulted on the draft policy and procedure, to get their suggested adjustments, as well as commitment to the document.</li> <li>• The document should be issued to staff and councillors and displayed on the website.</li> <li>• All councillors and staff be required to read the document and sign it to confirm that they understand and will comply with it.</li> <li>• A review of the policy will need to be repeated on an annual basis. Provision of annual training will enable XXX Town/Parish Council to demonstrate that it has taken reasonable steps to prevent the problem. This can provide XXX Town/Parish Council with a valuable defence if it has to defend a claim of Sexual Harassment at an Employment Tribunal.</li> <li>• The policy and procedure should include a simple and user-friendly reporting process should problems occur, as well as set out what action will be taken against offenders. For example, staff who are found to have committed acts of Sexual Harassment would be accused of Gross Misconduct.</li> </ul> <p>From October 2024 Employers could face a surcharge of 25% on top of any compensation awarded to an Employee who successfully makes a claim of Sexual Harassment at an Employment Tribunal, if the employer cannot demonstrate how they have complied with the new rules.</p> <p>The Clerk has amended the policy to include the Parish Council's name and to add a part for Councillors and paid staff to sign and date so that they confirm that they understand and will comply with it.</p> <p><b>RESOLVED</b> that the Council agreed to adopt the new Sexual Harassment Policy.</p> <p><b>ALSO RESOLVED</b> that it be noted that all Parish Councillors and paid Parish Council Officers signed the Adoption of Sexual Harassment Policy which will be held by the Clerk.</p> <p><b>ALSO RESOLVED</b> that an unsigned copy on the Sexual Harassment Policy will be put on the Parish Council website.</p>

The consultation will seek views on a proposal to form a Mayoral Combined Authority for the local government areas of Cumberland and Westmorland and Furness. The full consultation document can be found on the <a href="https://www.gov.uk/government/consultations/cumbria-devolution">GOV.UK</a> page <a href="https://www.gov.uk/government/consultations/cumbria-devolution">https://www.gov.uk/government/consultations/cumbria-devolution</a> The cut-off date for the consultation is 11:59pm on 13 April 2025. A Mayoral Strategic Authority - or MSA - for Cumbria would be in addition to the two unitary councils, Cumberland and Westmorland and Furness. While the final scope of the powers transferred to the new authority is still being determined, the expectation is that the vast majority of powers will be transferred to the new authority from central Government. A small number of powers may be transferred from Cumberland Council and Westmorland & Furness Council to the new authority. Both unitary authorities have created new devolution webpages which contain some background information and updates. Visit [www.cumberland.gov.uk/devolution](http://www.cumberland.gov.uk/devolution) and [www.westmorlandandfurness.gov.uk/devolution](http://www.westmorlandandfurness.gov.uk/devolution)

2. NALC would like to ask Parish Councils to complete a questionnaire that the National Association of Local Councils is distributing. It is being conducted and administered by a team led by Professor Edward Page of the Department of Government at the London School of Economics. It asks about the role of parish and town councils in the preparation for emergencies. The survey comes at a very interesting time for parish and town councils as a number of recent and ongoing inquiries and events have focussed attention on the nature of the emergency planning system. They believe that there is a good chance they might be able to make the case for recognising more effectively the role of local parish and town councils in any reform of the emergency planning system if they have good information about the experiences and plans of our members. NALC believe they have a very good story to tell on this matter and this might help them tell it. They would be very grateful if Parish Councils could forward this note by email to the councils in your county association area so that they may complete it. They will be sending out two further reminders in the next few weeks as it is important that the survey includes the experiences and views of as many councils as possible. The survey has been kept brief, and with 20 questions takes around nine minutes to complete. It will remain anonymous and asks no questions that identify any individual council. The LSE will eventually be using the material as part of a wider study to be published in professional and academic journals. Before that, the survey authors will make the survey results available to us at NALC. You can reach the survey: by paste this address in your browser:
