21/168	Public Participation.	<p>The Chair asked the parishioners present if they wished to make any contributions relating to any items on the agenda, or any other parish related matter which they may wish to raise. The Parish Council also discussed issues that parishioners had been in contact about.</p> <ol style="list-style-type: none"> 1. There has been a report of trees overhanging the footpath near the Lazonby & District swimming pool. 2. There have been concerns raised about the weed seeds from Will pool blowing into parishioners gardens. 3. A parishioner has complained about the Fish and Chip catering van being parked on Scaur Lane right on the junction with Lamb Lea because it was blocking the view of vehicles emerging from Lamb Lea, and of vehicles passing the junction from the village hall end, and they believed this site was unsuitable for a large catering vehicle. In addition, they were not happy about the cooking smells, noise from generators, noise from customers and no safe parking for customers. They also suggested that they used the Eden Bridge Car park. The Parish Council have said that they are not able to stop the catering van using Scaur Lane to sell food as long as it is parked in a safe place. 4. A parishioner has complained about a car being parked on the pavement in Barton Dale because you cannot pass with a pram or a wheelchair. 5. The Council received a request from a gentleman that looks after the fishing for the angling club that leases the Mains Farm beat on the opposite bank to the Lazonby Parish Water. He has said that he often has to remind people fishing the Parish water that they should not wade beyond the midline of the river; although they are entitled to cast into the other side they must not wade into it. Most anglers, when they have it explained to them, are often surprised but generally return to their side with no problem. However, he recently spoke to two fishermen who were abusive and incidentally were fishing on the Eden Lacy's water when he encountered them. He asked if the Parish Council can consider adding a note on this matter to those rules or the Parish Council webpage on angling. 6. Parishioners have complained about the weeds on the roads, pavements and walls in the village. 7. Concerns have been raised about a building being worked on near the swimming pool may be being built too far out onto the pavement although it is not known if this is the legal boundary of the building. 8. A parishioner has contacted the footpath officer about the

		<p>overgrown beginning of the Townhead to Scaleshill Public footpath Footpath, making it virtually impassable and the broken signpost leaning on the wall. They have said that they received a prompt reply saying a contractor would attend to cut back to the vegetation and the signpost would be erected in due course.</p> <p>9. A parishioner has asked if the Parish Council could start to maintain the tree planters on the main roads in and out of the village.</p> <p>1. RESOLVED that that Councillor Chris West informed the Chair of Lazonby & District swimming pool, and then cut back the trees.</p> <p>2. RESOLVED that the Council will cut back the Will Pool area, and those concerned with the weeds asked to take part in the Boon day that the Parish Council will be organising.</p> <p>3. RESOLVED that it be noted that the Clerk contacted the catering company and ask them to take care where they park to ensure there are no road accidents because although the Catering Company have a street trader's permit they are obliged to choose a site that does not cause an obstruction to road users.</p> <p>ALSO RESOLVED that it be noted that the Clerk wrote back to the parishioner to inform them that the Parish Council were grateful for all constructive comments and will persevere to get a suitable outcome; also as long as Companies selling from vans have a street license and is meeting Environmental Health regulations they are allowed to trade without the Parish Council's permission; the Catering company had informed the Parish Council that they wanted to trade between Lamb Lea and Scour close so that people did not have to get in their cars to use the service especially as there are a number of parishioners who do not drive but would like to also access the fish and chip service; and that the Parish Council have also had a number of Parishioners complain about the fish and chip van by the recycling site causing a problem too, so, unfortunately, none of the sites are without their issues.</p> <p>4. RESOLVED that it be noted that the Clerk asked the community Police to have a quiet word with the owners of the car and ask them to park their car in a place that didn't block the pavement.</p> <p>5. RESOLVED that the information about not wading beyond the midline of the river when casting be put on the Parish Council website.</p> <p>6. RESOLVED that it be noted that the weeds on the roads, pavements and walls in the village will be dealt with when the Parish Council holds an Autumn Boon Day in the village.</p> <p>7. RESOLVED that the Parish Council will keep an eye on the building being worked on near the swimming pool that may be being built too far out onto the pavement.</p> <p>8. RESOLVED that it be noted that the overgrown beginning of the Townhead to Scaleshill Public footpath will be cut back by the Cumbria County Council contractors.</p> <p>9. RESOLVED that the Council will look at maintaining the tree planters on the main roads in and out of the village at their October 2021 meeting of the Parish Council.</p>

21/170	Parish Broadband Issues.	<p>The Council received an update on the broadband issues in the parish from Councillor Steve Craig. To date, there have only been 55 sign-ups for the B4RN. However, there are only ten days to get the rest which must be 200 plus sign-ups. The 24th of September 2021 is the deadline for the signs up but that includes processing the paperwork to proceed and gain the supplementary Governments funding needed to do carry out the project, hence the 10 days is the deadline for actual sign-ups. Sadly, it looks like the project is going to fail due to a lack of interest. However, Councillor Craig will still try to so do what he can in the next few days to help the project.</p> <p>RESOLVED that the report about parish broadband issues be noted, with thanks to Councillor Steve Craig.</p>

Donations at Eden Bridge Car Park (Last minute no. 21/150).</p>	<p>The Council received progress reports regarding matters from the Minutes of the Council Meeting on the 7th July 2021.</p> <p>Eden Council resolved to remove the deadline of 31st March 2022 for Parish Councils to respond to the offer to adopt local services presently run by Eden District Council. A Scrutiny Task and Finish Group have been set up to review the implications of this decision and to make recommendations to the Council on future actions. Councillor Gordon Nicolson is a member of the Group but it has not yet had a meeting.</p> <p>RESOLVED that Councilor Gordon Nicolson be thanked for his report the contents of which were noted.</p> <p>RESOLVED that it be noted that the footway light at Thorn Tree still has not been connected/repared and no reply has been received as yet about this although Councilor Gordon Nicolson has pursued this with Eden District Council.</p> <p>The Council received an update regarding the taking of donations for using the car park at Eden Bridge. Councillor Steve Craig had enquired at a local graphics sign making company to ask if they could provide a sign regarding donations for using Eden car park. The two quoted options received were option 1) a 600 by 900 landscape made of 3mm aluminium Dibond with a digital print to face with gloss laminate which fits fence posts at a cost of £205 (no VAT); and option 2) a 600 by 900 landscape made of 3 mm aluminium Dibond with a digital print to face with gloss laminate which will be fixed to 2 m posts fixed into the ground with post concrete at a cost of £395 (no VAT) The Council went on to discuss other car parks in the County that take donations for parking The Council also discussed the possibility of making their own signs with a suggested donation for the time being to see how it would work. The Council also discussed informing Canoe England about the launch area at Eden Bridge car park</p>

	<p>as it appears not many people know about it anymore, and inform them that donations for using the car park would be appreciated.</p> <p>RESOLVED that the Council give Councillor Steve Craig delegated authority to make some signs for the time being and to continue to work on the payment process.</p> <p>ALSO RESOLVED to put the canoe launch information on the Parish Council website.</p>
<p>d. Repair of the door on the Grass Cutting equipment storage shed (Last minute no. 21/150).</p>	<p>RESOLVED that the Clerk contact the school to ask if there have been any decisions made about contributing to the repair of the door on the grass cutting equipment storage shed now the issue has been discussed at a recent School Governors meeting.</p>
<p>e. Harrowbeck and Footpath number 339023 (Last minute no. 21/150).</p>	<p>RESOLVED that it be noted that the clearing of Harrowbeck next to footpath number 339023 has now been completed thanks to the contractors who kindly carried out the work free of charge, which should now stop flooding onto the footpath.</p> <p>ALSO RESOLVED that it be noted that the Himalayan Balsam in the area has also been removed.</p> <p>ALSO RESOLVED that the Clerk writes to the Contractors to thank them for carrying out the clearance work at Harrow Beck.</p>

<p>g. The Meadows Management Group (Last minute no. 21/146).</p>	<p>The Council received an update about Story Homes handing over the management group to the residents of The Meadows as had been their intention. A parishioner had originally approached Councillor Steve Craig about this issue. When the residents moved into their homes on the Story Homes development they signed something to say that the maintenance of The Meadows would eventually be handed over to the residents to manage. At present, there is a company called LSL made up of three directors from Story Homes who manage the maintenance at the Meadows. Once the road and footpaths have been adopted by Cumbria County Council then the three directors from LSL will resign and the Meadows residents would take over. The LSL contract runs out in 15 years and it will be looked at the earliest 7 years after the last resident moved in. If it had been signed over before now the recent major works on the Meadows would have been the responsibility of the residents.</p> <p>Another parishioner has contacted the Parish Council regarding this issue to say that so far they have been a reasonable site management company and reasonable in their costs and that they believe the site management company is best left to manage the day-to-day maintenance of the site but should be answerable to residents in an annual meeting or when needed in an appropriate situation. The parishioner also thinks the whole issue of site management companies being responsible for the maintenance of estates such as the Meadows, rather than the District Council, is an inappropriate direction, although they are aware that the District Council is very short of money, they know they do receive a large yearly income in council tax from a housing development such as The Meadows. Some of</p>

		<p>the footpaths with the steps were not adopted by Cumbria County Council as there is a lack of accessibility for some residents.</p> <p>RESOLVED that the report about the management status of the Meadows Housing Development be noted with thanks to Councillor Steve Craig who looked into this issue on behalf of the Parish Council.</p>
	<p>h. Network Rail Land request to tidy up the land in the vicinity of railway bridge no. 306 (Last minute no. 21/146).</p>	<p>The Council received an update about the request to Network Rail about tidying up the land in the vicinity of railway bridge no. 306. The work was carried out. However, although the Council are happy that they have carried out the work the Council are not happy with the results as they do not appear to have cut the area back enough.</p> <p>RESOLVED that the Clerk contact Network Rail Land and request that they come back and cut back and tidy up the rest of the land in the vicinity of railway bridge no. 306.</p>
	<p>i. Tree at Bankfoot (Last minute no. 21/146).</p>	<p>The Council received an update about the tree at Bankfoot which is growing right up against the retaining wall and appears to be pushing some of the stones out about 6 inches. Councillor Phillip Whitehead has inspected the tree to see if it is safe, or if it needs to be removed, and believes the tree is not dangerous at present.</p> <p>RESOLVED that it be noted that the Council agreed that they were happy to leave the tree at Bankfoot alone for the time being.</p>

	<p>l. Complaints about dog walking (Last minute no. 21/146).</p>	<p>The Council received an update regarding complaints about a dog walking service that appears to be walking up to seven dogs at one time usually down at the River Eden in Lazonby. The concerns are related to out of control dogs who are frightening people and fouling the area.</p> <p>RESOLVED that the complaints about a dog walking service have been made to Eden District Council's Community Wardens and it is now in their hands.</p>

21/182	Local Government Reorganisation.	<p>The Council received an update about the Local Government Reorganisation. A decision has been made by the Minister to put before Parliament a proposal to form two unitary authorities in Cumbria to replace the County Council and the six District Councils. Allerdale Carlisle and Copeland will form a West Cumbria authority and Barrow Eden and South Lakeland will form an East Cumbria authority. The aim is to elect Councillors to the two authorities in May 2022. Cumbria Association of Local Councils will enter into discussions with leaders of the existing authorities on the way forward. Parish and town councils will not change but there will be impacts on local councils. The below information is from Cumbria County Council which explains some of the terminology</p>

and the process involved in undergoing reorganisation.

“What has been announced?”

The Secretary of State has announced the proposal for Local Government Reorganisation in Cumbria.

Subject to Parliamentary approval he is proposing two unitary councils - an East unitary council covering the existing areas of Barrow, Eden and South Lakeland and a West unitary council covering the existing areas of Allerdale, Carlisle and Copeland.

What happens next?

There is now a formal process in Parliament to take this forward.

The Secretary of State has made a Written Ministerial Statement announcing he will be seeking Parliamentary approval to implement the proposal that he has selected and start a process to draft a Structural Change Order. He has indicated that the structural change order would be laid at parliament at the turn of the year.

The Structural Change Order provides the legal basis on which to implement the change to local government structures, creating the new authorities from the Vesting Day.

July to October/November 2021

Officials at MHCLG will work with the affected councils in the development of the content of the Structural Change Order. We, and all other affected councils, will be working with MHCLG to agree and put in place the Programme Management arrangements to deliver the new Councils.

The Order will create ‘Shadow Authorities’ and ‘Shadow Executives’ once it is approved by parliament to sit alongside the existing council structures. These shadow arrangements will make decisions on how the new authorities are constituted.

The Programme Management arrangements will determine how existing officers will work together to create the new Councils e.g. what workstreams and roles are required. The Programme will include work to develop the new Council operating models.

November 2021 to April 2023

During this time as the new authorities are being designed and constituted the existing councils will continue to operate as normal, providing services and support for residents, businesses and communities.

Once the Structural Change Order has been approved by Parliament, implementation activities will be delivered and preparations will be made for the formal go-live of the new authorities.

A change readiness assessment will take place to confirm all requirements have been met and the new authorities can safely go-live on Vesting Day.

1 April 2023

‘Vesting Day’ is when the new authorities ‘go live’ and the old councils (predecessor authorities) cease to exist.

***Glossary of terms**

Structural Change Order – the legislation for approval by Parliament that sets out the process of creating new councils, expected to be finalised in Autumn this year setting out what will then happen over the following 18 months and then approved by Parliament early in 2022

Predecessor council – the current councils, which will cease to exercise functions in relation to an area once the new authority(s) takes on all functions on the Vesting Day.

Vesting Day – the date on which the new councils come into effect which

the Secretary of State has indicated will be 1 April 2023.
MHCLG – Ministry of Housing, Communities and Local Government.
Implementation team – the team of officers from across all of the councils who will support the planning and management of the programme to implement the new councils.”

Cumbria Association of Local Councils is considering the implications of the decision. They will endeavour to keep the Parish Council informed and up to date with developments over the coming months. They will be working through your district associations to support Councils in each area and will try their best to answer any questions. However, as highlighted in a recent Corporate Message, after careful consideration Cumbria County Council has taken the decision to issue a pre-action protocol letter to the Secretary of State, following the decision to create two new unitary councils for Cumbria, as the first step towards ‘potentially’ pursuing a Judicial Review. The letter sets out Cumbria County Council’s concerns regarding the basis of the Secretary of State’s decision. It invites the Secretary of State to withdraw the decision and reconsider the proposals, and also makes a request for further information relating to the decision. Parish Councillors may have seen parts of the letter published in the press or on social media. To ensure that Parish Councillors are aware of the entire content of the letter it has been given to them via email. The Secretary of State has been asked to respond in the next fortnight and Cumbria County Council will keep Parish Councils updated with any developments. In the meantime, Cumbria County Council of course remains committed to continuing to work closely with Government and our district council colleagues.

A further update was received today regarding a pre-action protocol letter from Cumbria County Council through CALC. The County has written to the Ministry for Homes, Communities and Local Government (MHCLG) seeking permission to challenge the government’s decision to create two unitary authorities in Cumbria. The deadline for response was 23rd August, however, MHCLG wrote to Cumbria County Council to ask for more time to respond to their request. The new deadline was agreed as 6th September 2021. CALC will update members when they receive an update on the response from the government. Please read the update from Cumbria County Council below on the transition to two unitary authorities:

Local Government Reorganisation (LGR) update

Cumbria Chief Executives met last week to progress the transition programme for the reorganisation and have now reached the stage where it has been agreed in principle. They will now be focusing on mobilising the programme, allocating resources and starting the work to establish the new councils. The programme will start formally on 14 September. In its first phase the programme has four parts:

- *Produce high-level option appraisals for service areas;*
- *Collate and analyse the wide range of information and data needed to allocate resources and to establish the new councils;*
- *Develop in more detail a Benefit Realisation Plan, setting out the ambitions and key outcomes for the new councils;*
- *Gather information and views to inform the drafting of the Structural Changes Order – the legislation that will be laid in Parliament in the autumn to formally establish the new councils.*

Each important area of work in the programme will be strengthened by the

		<p><i>key themes which have been identified as: People, Place and Enabling. Each theme will be sponsored and led by a number of Senior Officers from the District Councils and County Council.
